

## THE EXTENSION MASTER GARDENER VISION

We aspire to:

- Teach all generations.
- Inspire a lifelong pursuit of research-based knowledge.
- Serve as environmental stewards.
- Draw all people to the joys of gardening.

## AUTAUGA COUNTY EXTENSION MASTER GARDENER VOLUNTEER

## MISSION STATEMENT

We improve the lives of Autauga County residents through research-based horticulture education delivered by a dedicated, trained and involved Extension volunteer team.

## ABOUT US

The Autauga County Extension Master Gardeners Association is a 501(c)3 organization which was formed in 1992. We touch lives through:

- Donations to the Autauga Interfaith Care Center (approximately 1,500 pounds of fresh produce yearly)
- Environmental Awareness Education
- Seasonal Gardening Workshops
- Field trips around the southeast

## ONGOING PROJECTS

- Prattville Garden—139 1st Street
- Prattville-Autauga Demonstration Garden (next to the library)
- Pollinator Project
- Lunch and Learn
- Assist with Alabama Cooperative Extension System projects
- Master Gardener Helpline
- Adult and Children's Classes at Autauga-Prattville Library and Doster Community Center
- Partner with Autauga Forestry & Wildlife Stewardship Council
- Lanark Wildlife and Nature Center
- Governor's Mansion grounds

## BECOMING AN EXTENSION

### MG VOLUNTEER

Autauga residents may attend a Spring Class in Montgomery County. Registration dates November 1 -30. Class session January—April. Or, you may choose a Fall class with registration June 1-30. Classes are held August – November and held every other year in Autauga – even year or Elmore-odd year. These classes include Zoom, hands-on, tours, and class projects.

### WHAT DOES THE PROGRAM PROVIDE?

You will receive 40+ hours of classroom and hands-on instruction by specialists from Auburn University /Alabama A&M University, Regional Extension Agents from ACES, local specialists and veteran Master Gardeners. The Training Program includes the following topics and more:

Landscape Design	Plant Propagation
Lawn Care	Vegetables
Plant Selection	Soil Sciences
Plant Physiology	Pruning
Pest/Weed Control	Fruit Culture
Environmental Conservation	
Annuals and Perennials
